Prague Stringology Conference 2024
Conference Program

Monday, August 26, 2024

09:15	**On-site registration**
09:45	**Welcome** *by conference chair*
10:00	**Invited talk: The Discreet Charm of Multi-Pattern Codes** *by Igor Zavadskyi*
11:00	Coffee break
11:30	**Fast Matching Statistics for Sets of Long Similar Strings** *by Zsuzsanna Liptak, Martina Luca, Francesco Masillo, and Simon Puglisi*
12:00	**Beyond Horspool: A Comparative Analysis in Sampled Matching** *by Simone Faro, Francesco Pio Marino, and Andrea Moschetto*
12:30	Lunch
14:30	**Refining SFDC Compression Scheme with Block Text Segmentation** *by Simone Faro and Alfio Spoto*
15:00	**On Practical Data Structures for Sorted Range Reporting** *by Golnaz Badkobeh, Sehar Naveed, and Simon Puglisi*
15:30	Coffee break
18:00	Conference dinner

Tuesday, August 27, 2024

09:30	**A Quantum Circuit for the Cyclic String Matching Problem** *by Arianna Pavone and Caterina Viola*
10:00	Coffee break
10:30	**A Language-Theoretic Approach to the Heapability of Signed Permutations** *by Gabriel Istrate*
11:00	**Cdbgtricks: strategies to update a compacted de bruijn graph** *by Khodor Hannoush, Camille Marchet, and Pierre Peterlongo*
11:30	**Closing remarks** *by conference chair*
12:00	Lunch
13:12	Social Event
